

Summary

This fully-funded 2-day residential workshop is for teachers and looks at how maritime archaeology can support and enhance the national curriculum at primary and secondary level. It will explore a range of resources and activity ideas and demonstrate how maritime archaeology can provide a stimulating and engaging focus for cross-curricular topics and themes.

The format of the workshop promotes participation and interaction between participants and facilitators. It will provide a unique platform for exploring and exchanging ideas and approaches.

Background

The Aggregates Levy Sustainability Fund (ALSF) comes from a tax imposed by the government on companies that extract marine aggregate from the seabed around the UK's coast. The Fund aims to reduce the environmental impacts of the extraction of aggregates, both on land and from the sea, and to deliver benefits to areas subject to these impacts.

Part of the fund is distributed by English Heritage and has been used to produce educational resources for use in schools and beyond. For the past three years, English Heritage, through the ALSF, have funded the Hampshire and Wight Trust for Maritime Archaeology to run workshops for educators, promoting the existence of these resources and more generally, maritime heritage as an educational resource. In the past these workshops have been aimed at educators from outside of the school environment. This workshop is aimed specifically at teachers currently working within schools.

Who can apply*

- Teachers who are currently working in a school, or are about to begin a teaching job in a school (primary or secondary).
- Spaces will be assigned on a first-come-first-served basis with only 1 teacher from each school.

Cost

We are delighted to be able to offer this event at no-cost to participants due to funding from English Heritage through the Aggregate Levy Sustainability Fund. However, we hope you will understand our concern that people honour their commitment to attend. Therefore, in order to confirm your place on the event, a deposit cheque for £30 will be required. This will be returned to you on the day. In the event that you fail to attend or cancel with less than 10 working days' notice, your cheque will be cashed.
