

## **WHAT A DISCOVERY!**

Howard Carter returned to the area on the first of November. Four days later they uncovered twelve steps. A few days later they reached a door with Tutankhamun's name on it.

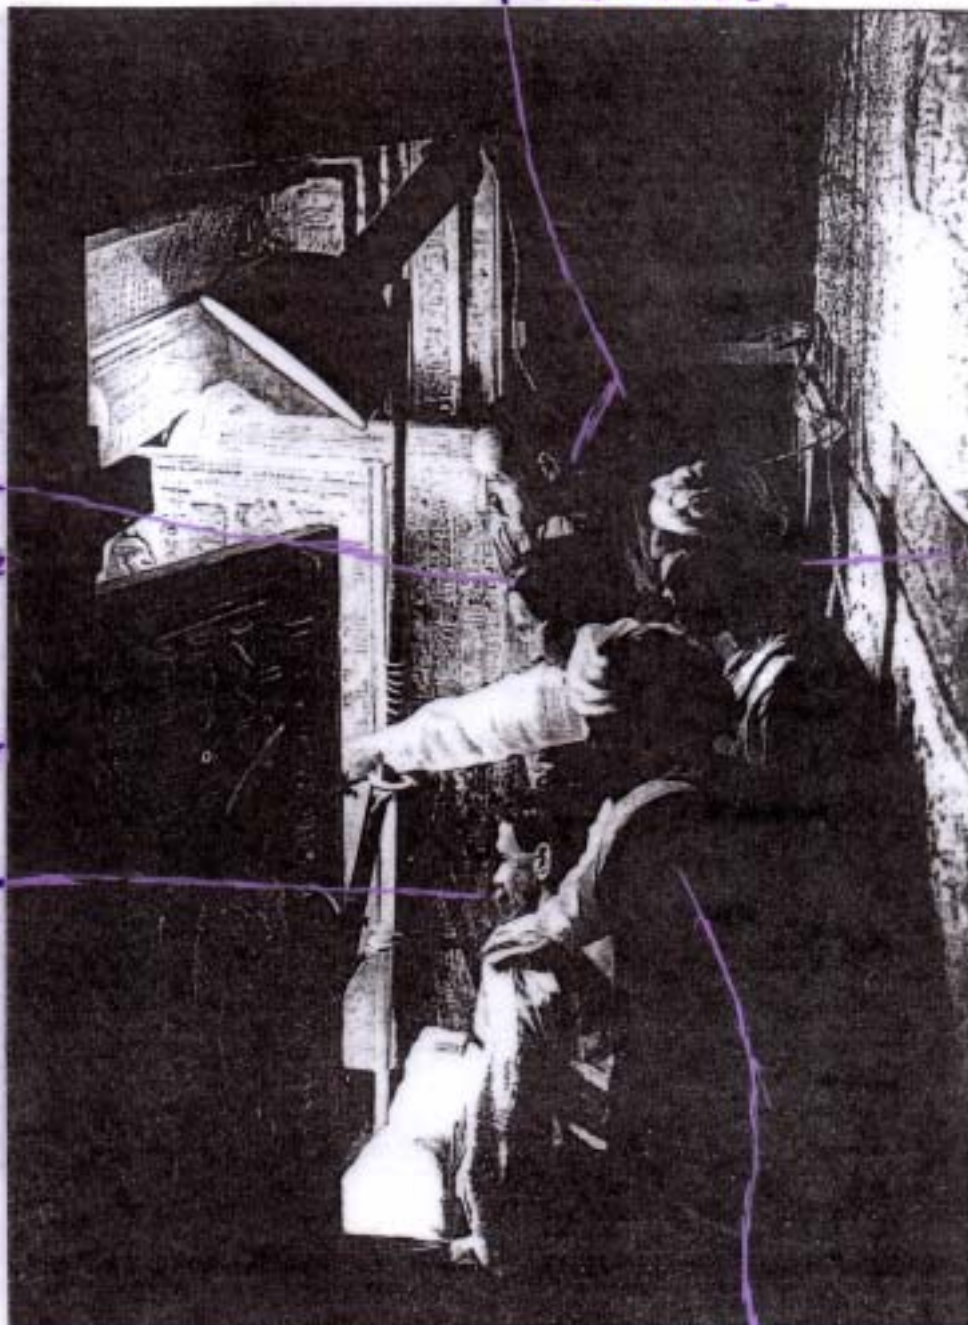

Carnarvon had given Howard Carter money to help him to find the tomb. Carnarvon was getting fed up. Carnarvon arrived on 24<sup>th</sup> November. Two days later the workers reached another bricked up doorway. Carter moved some bricks and looked through the hole. As he looked through he saw a room full of gold.
